Our community in focus

In the early months of 2017, a demographic study was conducted of the Pinellas and Pasco Counties Jewish communities. The results were drafted from 550 completed telephone surveys and revealed some very interesting aspects of our community.

The survey was funded and led by Gulf Coast Jewish Family and Community Services and the Jewish Federation of Pinellas and Pasco Counties, together with generous financial and leadership support from Jewish organizations, synagogues, and individuals across the area.
